How to Measure:-

- 1. Chest Width: Lay the garment (front side up) on a horizontal surface. Measure the distance between the two sleeve seams, 2 cm below them.
- 2. Waist Width: Lay the garment (Front side up) on a horizontal surface. Measure the distance between the two highest points of the waist seams.
- 3. Shoulder Width: Lay the garment (back side up) on a horizontal surface. Measure the distance between the two highest points of the sleeve seams.
- 4. Length from Center Back Neck: Lay the garment (back side up) on a horizontal surface. Measure the distance from the center back neck (excluding the collar) to the bottom of the garment.
- 5. Sleeve Length: Lay the sleeve (front side up) on a horizontal surface. Measure the distance from the center of the sleeve seam to the end of the sleeve (including the cuff, if applicable).
